

THE LENZ WINERY

EST. 1978

ABOUT OUR WINES

Established in 1978, Lenz is one of the oldest wineries on the North Fork. We farm sustainably with a deep respect for the land, crafting estate-grown wines that reflect the character of our vineyards and the place we call home. Lenz wines are structured into three tiers to reflect both quality and vintage character. *Old Vines* represents our top wines, made only in exceptional vintages that produce grapes that lend themselves to wines with depth and aging potential. *Estate Selection* wines are those that deliver consistent quality year after year. *House Wines* are approachable, everyday wines - reliable, balanced, and always enjoyable.
